San Antonio State Hospital.

For repairs and additions to sewerage disposal plant\$ 10,000.00

Confederate Woman's Home.

Central heating plant and equipment......\$ 11,000.00

Tuberculosis Sanitorium.

For elevator equipment for hospital _____\$ 15,000.00

The appropriations herein provided for are to be construed as the maximum sums to be appropriated to and for the several purposes named herein and no expenditures shall be made nor shall any obligations be incurred which, added to the actual expenditures, will exceed the amounts herein appropriated for either of said purposes and any sums not used for the purpose named herein shall revert to the State Terasury.

Sec. 2. The fact that the appropriations heretofore made for the above items are exhausted or will become exhausted before the expiration of the time for which the same were appropriated, creates an emergency and an imperative public necessity which justifies the suspension of the constitutional rule requiring bills to be read on three several days in each House, and the rule is hereby suspended and this Act shall take

effect and be in force from and after its passage, and it is so enacted.

Recapitulation.

Committee Room, Austin, Texas, March 4, 1927. Hon. Barry Miller, President of the Senate.

Sir: We, your Committee on Education, to whom was referred

H. B. No. 8, A bill to be entitled "An Act to amend Articles 2757 and 2758, Revised Civil Statutes of Texas,

of 1925, relating to the formation of independent school districts and the election of a board of trustees thereof, and declaring an emergency."

Have had the same under consideration and I am instructed to report same back to the Senate with recommendation that it do pass and be not printed, with the following Committee Amendments:

Committee Amendment No. 1.

Amend H. B. No. 8 by striking out in line 1 of Article 2757, the words "containing one thousand inhabitants or more" and insert in lieu thereof the words "containing seven hundred inhabitants or more."

Committee Amendment No. 2.

Amend H. B. No. 8 by inserting in line 3 of Article 2757 of the bill, between the word "may" and "include" the words "or may not."

WITT, Chairman.

THIRTY-FIFTH DAY

Senate Chamber,

Austin, Texas, March 7, 1927.

pursuant to adjournment, and was
called to order by Lieutenant Governor Barry Miller.

The roll was called, a quorum being present, the following Senators answering to their names:

Bailey. Neal. Berkeley. Parr Bledsoe. Pollard. Bowers. Price. Fairchild. Real. Reid. Floyd. Russek. Greer. Smith. Hall. Stuart. Hardin. Holbrook. Triplett. Ward. Lewis. Westbrook. Love. Witt. McFarlane. Miller. Wood. Moore.

Absent—Excused.

Wirtz. Woodward.

Prayer by the Chaplain.
Pending the reading of the Journal
of yesterday, the same was dispensed
with on motion of Senator Lewis.

Petitions and Memorials

(See Appendix.)

Committee Reports.

(See Appendix.)

Bill's and Resolutions.

By Senator Neal.

S. B. No. 468, A bill to be entitled "An Act to create a more efficient road system for Shelby County, Texas; providing that the commissioners' court shall appoint five highway commissioners, one from each commissioners' precinct and one from the county at large; prescribing their powers and duties; providing that all road funds collected within the county may be used by said highway commissioner to maintain and keep in repair the roads within the county; etc., and declaring an emergency."

Read first time and referred to Committee on Highways and Motor Traffic.

By Senator McFarlane.

S. B. No. 469, A bill to be entitled "An Act to fix the salary of the superintendents of public instruction of each county in Texas having a population of not less than 60.000 nor more than 73,000 according to last Federal Census; providing for office expenses; repealing all laws and parts of laws in conflict; and declaring an emergency."

Read first time and referred to Committee on Educational Affairs.

By Senator Pollard.

S. B. No. 470, A bill to be entitled "An Act to create Road District No. 1 of Van Zandt County, Texas, validating and approving all orders made by the commissioners' court of said county, in respect to the organization of said district; validating the authorization, issuance and sale of certain road bonds thereof, and providing for the payment by the annual levy, assessment and collection of general ad valorem taxes on all taxable property in said Road District; approving and validating all orders of the commissioners' court the Senator from Tarrant that an adof said county in respect of said Road | verse report of the standing com-District, bonds and taxes, or certified copies thereof, and constituting such orders legal evidence; evidencing proof of publication of constitutional notice required in such acts; and declaring an emergency."

Traffic.

By Senator Reid.

S. B. No. 471, A bill to be entitled "An Act creating, defining and establishing Road District No. 5 in Briscoe County, Texas, for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof; providing that said district shall be authorized to issue bonds or otherwise lend its credit for said purpose to an amount not to exceed one-fourth of the assessed valuation of real property situated therein, and levy, assess and collect general ad valorem taxes in payment thereof; providing that said district shall be governed in the issuance of bonds, lending its credit, constructing and maintaining and operating its roads, and all other matters incident thereto by the provisions of the General Law; and declaring an emergency."

Read first time and referred to Committee on Highways and Motor Traffic.

Motion to Place S. J. R. No. 29 on the Calendar.

Senator Love sent up the following written motion:

The undersigned Senators, who favor the ratification by the Legislature of Texas of the proposed amendment to the constitution of the United States relating to Child Labor, move that Senate Joint Resolution No. 29, ratifying said proposed amendment, be placed on the calendar, notwithstanding the adverse committee report thereon.

Love, Westbrook, Fairchild, Wood, Real, Greer, Pollard, Ward.

The motion was read.

Senator Ward moved to lay the motion on the table subject to call.

Senator Stuart made the point of order that the bill could not be brought before the Senate on an unfavorable report.

The Chair sustained the point of order on the following grounds:

On the point of order made by mittee, no minority favorable report being made, precluded othe Senate from considering such bill and that the Committee on Constitutional Amendments having unanimously reported adversely Senate Read first time and referred to Joint Resolution No. 29, the Senate Committee on Highways and Motor could not consider such joint resolution—the Chair, Lieutenant Gov-

ernor Miller, sustains the point of order and states:

37 provides:

'No bill shall be considered unless it has been first referred to a committee and reported thereon; and no bill shall be passed which has not been presented and referred to and reported from a committee at least three days before the final adjournment of the Legislature.'

Manual (quotes above provision of Constitution and then continues) "**and no vote shall be taken upon the passage of any bill within the last twenty-four hours of the session unless it be to correct an error therein.'

"Rule 31a, page 203 of the Manual is as follows:

"'Whenever any bill is reported favorably by a committee of the Senate or the Senate so directs by its order, such bill shall be printed and a copy thereof shall be laid on the desk of each Senator otherwise ordered by the Senate.

"No bill, except a local bill, shall be considered by the Senate until printed copies of said bill shall have been on the desk of the Senate for at least twenty-four hours; and provided further, that the calendar for each day shall be placed on the desk of each Senator on or before 12 o'clock noon of the preceding day.' "

Under the above rule and the ruling made thereunder by Lieutenant Governor Davidson and followed by Lieutenant Governor Miller, no bill except a local bill shall be considered printed unless reported favorably except that a favorable minority report would justify the printing of a bill when so ordered by a majority of the Senate.

It would therefore seem to follow that where the committee makes a unanimous adverse report on a bill, such bill cannot be acted upon by the Senate. It has been contended that tee. this would be, in effect, giving a retary and other help of the commitcommittee the right to pass or defeat tee shall be the same as provided a bill which, under the Constitution, for similar services for employees can, of course, be done only by a of the Senate at this Regular Session, majority of the Senate. However, although procedure would have the entitled to expenses while performeffect of killing such a bill it would ance of their duties to the same exnot preclude the introduction of a tent as herein provided for members similar bill at the same session and of said committee. thus no constitutional provision would be abridged.

As shown on page 134 of the Manual, the House was considering "Constitution—Article 3, Section a bill similar to the one adversely reported to the House by a committee when the point of order was raised that a bill having the same object had been reported adversely which was in effect the defeat of the bill and that it was not now in order to pass on this bill. The point of order was overruled.

Page 135 of the Manual shows this "Senate rule 31, page 203 of the ruling to have been sustained at another time by the House.

> It would also appear that a bill having been reported adversely cannot be re-committeed. See Manual page 144.

> The proper procedure in order to get a bill before the Senate, it having been reported adversely, would be to introduce another bill having the same object and in that case a majority of the Senate could refer it to any committee that it might desire.

Simple Resolution No. 174

Senator Wood sent up the following resolution:

Be it Resolved by the Senate of the State of Texas:

Section 1. The Finance Committee of the Senate is hereby authorized to meet on and after the day following adjournment of the Regular Session of the Fortieth Legislature and remain in session and prepare the appropriation bills to be introduced and acted on by the next Special Session of the Legislature.

Sec. 2. Each member of said committee shall be entitled to a per until printed and no bill shall be diem of five dollars per day together with all expenses incurred in performing his official duty including hotel bills, transportation and other necessary expenses while in the City of Austin or elsewhere in this State.

Sec. 3. The chairman of said Committee shall appoint such help including a secretary, as may be necessary for the work of said commit-The compensation of said secand said secretary and help shall be

The resolution was read and adopted.

Bills Signed.

The Chair gave notice of signing and did sign, in the presence of the Senate, after their captions had been read, the following bills:

ა.	В.	No.	138.	S.	В,	No.	265.
S.	В.	No.	460.	H.	В.	No.	463.

Have had the same under consideration, and I am instructed to report same back to the Senate with the recommendation that it do pass, and be printed in the Journal.

WOOD, Chairman.

By Pollard.

S. B. No. 201.

A BILL To Be Entitled

An Act to establish a State College in Tyler, Texas, to be known as the Texas Industrial College, providing for its government; the control of its finances; defining its objectives, and describing generally the nature and scope of instruction to be given, and conferring upon the board of directors of said College the right of eminent domain and declaring an emergency. Be it enacted by the Legislature of the State of Texas:

Section 1. There shall be established in this State a college for white students to be known as the Texas Industrial College, said college to be located at Tyler, Texas. shall be a co-educational college, givyear course of ing a two **(2)** thorough instruction in the industrial and agricultural sciences, and special courses dealing with agricultural problems peculiar to East Texas, and said college shall also have a complete two (2) year course in the arts and sciences, such as are taught in the colleges of the first class, said college being designed to elevate the ideals and increase the capacity of the people for self-government, and to give two years of instruction in industrial sciences, manufacturing, agricultural pursuits, marketing of farm products, domestic husbandry, and home economics so that the boys

the great natural resources and industries of East Texas.

Sec. 2. In addition to courses provided in Section 1, the said Industrial College shall offer the usual (2) year academic courses given in standard colleges of the first class, and shall offer regular short term courses in farm husbandry and economics and the chemistry of soils, and the adaptation of farm crops to the peculiar soil climatic condition of East Texas, and such other courses as the board of directors may see fit to provide as a means of supplying educational facilities necessary for this section of the State, and it shall be the duty of the board of directors to provide facilities of the college for the purpose of originating, developing and maintaining those agencies (physical, mental and moral) for the development of the physical, mental and moral welfare of the students who attend the college, and for the further purpose of developing the material resources of the State to the highest point of value and usefulness by teaching the industrial and agricultural sciences.

Sec. 3. The government, control and direction of said industrial college shall be vested in a board of five (5) directors, to be appointed by a board of three (3) elective officers of Texas; namely, governor, attorney general and the chief justice of the Supreme Court, who shall hold office for a period of five (5) years, said hoard of five directors to be so divided that the term of one director shall expire each year, and it shall be the duty of said appointing board in making each appointment of the first board of directors to indicate in each appointment the name of the director whose term shall expire in one, two, three, four and five years respectively, all of said directors to hold office until their successors are qualified, unless removed by the appointing board because of unfitness, inefficiency or inattention to their duties as members of such board.

The board of directors of the Texas Industrial College shall provide a President therefor, who shall devote his entire time to the executive management of said school, and who shall be directly accountable to the board Hon. Barry Miller, President of the of directors for the conduct thereof. Sec. 4. An adequate plat of land

and girls of this State may prepare for the site of said college shall be themselves for the development of furnished by the City of Tyler, the amount of land needed for the site and the selection of the location of said site to be determined by a board of five members to be appointed by the Governor, which board shall make a full and complete report of the selection of the site for the said college to the Governor of the State of Texas. The filing of this report with the Secretary of State shall legally constitute the establishing of the college.

> Sec. 5. The board of directors of said Texas Industrial College is hereby vested with power of eminent domain to acquire for the use of said college such land, in addition to the original site, as may be necessary for the purpose of carrying out its purpose by condemnation proceedings such as are now provided for railroad companies under the laws of the State of Texas.

> Sec. 6. The fact that East Texas has no adequate institution offering instruction in the industrial and agricultural sciences and the fact that the needs of that portion of the State where this college shall be located are inadquately supplied with such educational institutions, creates an emergency and an imperative public necessity for the act to take effect at once and for the suspension of the constitutional rule requiring bills to be read on three several days, it is therefore enacted that said rule be suspended and this act take effect and be in force on and after its passage.

> > Committee Room,

WITT, Chairman.

The Report of the Committee to Investigate the Affairs and Management of John Tarleton, Junior Agricultural College.

Austin, Texas, Feb. 1, 1927. Senate and Hon. R. L. Bobbitt, Speaker of the House of Representatives.

Gentlemen: We, your Joint Committee of the Senate and House of commissioners' court a list of all Representatives appointed under the persons who fail to pay their poll House Concurrent Resolution No. 6, tax; providing for the condemnation at the First Called Session of the of any land needed for the widening, Thirty-ninth Legislature, beg leave straightening, changing or draining to make the following report of our of public roads; providing for the findings after a due and careful intaking of timber, gravel, earth, stone vestigation of the affairs and man-or other material for the making or agement of John Tarleton, Jr., Agriimproving of public roads and cultural College at Stephenville,

We called before us twenty-three

tem, including the present business the college. manager and the present Dean of We feel that the accumulation of College.

mony filed.

We wish to point out more particu-the students. larly the following facts and conditions existing as found by our inves-

tigation:

Excessive Traveling Expenses.

The Legislature appropriated two nundred fifty dollars (\$250.00) for the last fiscal year, ending August 31, 1926, for traveling expenses of cents (\$1065.94). - That he him condemned: self, spent \$1065.94 in addition to that spent by others connected with the school traveling upon his expense account.

We further find that the Dean on John Tarleton, Jr., Agricultural College, in many instances, charged his traveling expenses to the college fund and, for some reason, did not state for what purposes he was traveling.

The Dean, on the witness stand. could not remember or be positive for what purpose he had traveled, in many of these instances. (See stenographic report, pages 302 and 401).

the Legislature.

Diversion of Funds.

We find that there is an account on the books of the College called to which various funds have been transferred, which, in the last five years, amount to one hundred thirtyeight thousand, five hundred ninety-

whom are now or have been em- was then appropriated for various ployed by the A. & M. College sys- purposes, as directed by the Dean of

'To the Legislative Committee, Authorized to Investigate John Tarleton Agricultural College, by House Concurrent Resolution No. Senator Carl Hardin, Chairman, Gentlemen:

In accordance with our engagement, we present herewith a report of our investigation of the affairs of John Tarleton Agricultural College that he does not get. The limited at Stephenville. Texas. This investi-time of our audit and the limited gation was made in accordance with funds placed at the disposal of the your authorization, extended through committee by the Legislature made House Concurrent Resolution No. 6 it inadvisable for us to determine of the First Called Session of the Thirty-ninth Legislature of the State distributed, and therefore we asof Texas.

siderable distance to the said Col- along specific lines and was directed at a series of special items to be in-We further found that the vouch- vestigated, particularly with refer-

Blanket Tax.

There is levied and collected by prior to the meeting of your commit-lege fees in the sum of \$33.50 for pers, deposited in a safe. This act been reduced in the past year to delayed the auditors in finding said \$31.50. Second and third year stuthe aforesaid funds to be not only in which has subsequently been reduced violation of the spirit of the law, but to \$28.50. Included in the abovea violation of the Anti-nepotism Stat- mentioned fees is a fee of \$14.50 per year, which is known as a Blanket In view of our findings and as a Tax. Of this amount \$6.00 goes to shows a condition existing in the to the Annual, \$3.00 to the Lyceum John Tarleton, Jr., Agricultural Collage and \$1.50 to the J. Tac, the official lege and among the citizens of Steph- publication of the college. We found enville and the sucrounding country in the course of our investigation that is highly detrimental to the wel- that this blanket tax was used up by the various departments desiglege, which situation has brought nated and that in no year did the about serious criticism and dissen-college receive any of this back except in the case of the Lyceum Course and the hospital. For example, in 1926 the lyceum course returned to the college \$495.17 and the hospital \$502.74. In other years we presume an equal amount was distributed back to them. This indicates that the student is being overcharged to some extent for those particular activities. In our opinion the college authorities saw that there was an overcharge, and therefore reduced the charge for hospital. On folio 8 will be found a detail for the past five years, covering the hospital, which shows that \$8,-830.44 of the fees paid in by the student for hospital purposes was transferred over to the Free Surplus Account of the college, from which it was charged out as directed by the college authorities. The question of Free Surplus will be taken up later in our report.

This indicates one of two things: either the charges are not properly distributed to these accounts, or else the student is paying for something whether the charges were correctly sume that the charging of the items Our investigation was conducted was correct, which leads to the alter-

native conclusion offered above. In treating this alternative we find that according to the resolution the students of John Tarleton Agricultural College are compelled to pay in addition to a large maintenance fee a student activity fee of \$14.50 to finance foot-ball and other student activities. No other conclusion can be reached after reading the catalogue, which states "Registration is not complete until the student has paid his fee for the ensuing semester.' The evidence on the books, in our opinion clearly shows that the students were compelled to pay that, and only in isolated cases was the money remitted to them. We do not believe that this fee was necessary to the actual support of the college. as in our opinion the college is adequately supported by legislative appropriation.

Students are Unable to Finance Foot Ball Games and Other Sports.

This charge is clearly shown by the fact that the records of the college show that students are working their way through college and offering their services to the State at the rate of 25 cents per hour. It is assumed that four hours per day would be about all the extra time a student would have, and therefore on the basis of his receiving \$1.00 per day, which is at the rate of 25 cents per hour, it would take him 331 days to work out his fees alone. If this is a compulsory fee it is easily seen that these students can ill afford to finance sports.

Medical and Hospital Fees.

On page 8 of this report will be found a complete analysis of the hospital fees collected by the college. This shows that there was received during the five years \$12,383.15, of which \$1,000.00 went to hospital equipment, \$500.00 to hospital expense, \$1,000.00 as a general charge to hospital, and \$1,052.71 which The remainder went to salaries. was transferred to free surplus to be disposed of at the will of college authorities. We did not attempt to analyze the hospital account proper, but our investigation clearly showed to us that the hospital was adequately financed by appropriations from the State, except insofar as improvements to the hospital were concern- indicate that his wife at times re-

pital and medical fees are used to equip and maintain special rooms for the sick, and the hospital fee will cover expenses incurred in hospital and nurse's service only. No part of this fee should under any circumstances be used to pay drug bills and medicine bills other than that used by the nurse in the hospital. These fees, as outlined above, are not used for the purposes designated in the catalogue.

Extravagant and Wasteful Expenditure of Public Funds.

We found in the course of our investigation that the allegation referred to in the resolution was true in regard to extravagant and wasteful expenditure of public funds so far as our directions permitted us to examine the situation. For example, we were requested to ascertain whether the college paid \$175.00 plus freight, for a certain cow, and \$59.05, plus freight for a certain wagon, as it was understood that those prices were high for the particular items purchased. Our investigation showed that they did purchase the above articles at the aforementioned prices. These were the only items that we were requested to investigate. A general investigation of a charge of this nature would require more time than we were able to give under the circumstances.

Traveling Expense.

We submitted to the Investigating Committee a detail of the traveling expense of Dean J. Thomas Davis, and found that the allegations were We found that it was customary for the Legislature to appropriate \$250.00 for traveling expense, and that his expense usually ran three and four times the amount of that appropriation. We also found vouchers for shines, shaves, and other items, as outlined in the resolution. These vouchers were all transferred to the Legislative Committee and are made a part of their report.

Nepotism.

We found this to be correct and transferred over to the Legislative Committee vouchers showing that Dean Davis employed, or caused to be employed through Mr. W. E. Moody, his wife and son. Vouchers ed. According to the catalogue hos- ceived a flat salary of as high as

times worked on a per diem rate of an indeterminable title that it is im-75 cents per hour. In addition to possible for us to classify this. Care the employment of his wife and son, of grounds, commencement, catawe found that he purchased material logues and repairs can easily be infrom his father and from his faterin-law. that we found that on very few occasions did he employ his son, and the only vouchers we found relating to the purchase of material from his father and from his father-in-law were the two above-mentioned. There may have been others, of course, but these were the only two that were brought to our attention for investigation. It may be said that the college store in which Mrs. Davis worked is not properly a college activity, but that is not the case in John Tarleton Agricultural College, because the store is owned and controlled by the college and not by a separate incorporation, as is the case in the University Co-Op at the University of Texas. All profits that accrue from the sale of material from the college store at Stephenville go to the college proper, and therefore become state property.

College Store.

Our investigation showed that the college store was being run on a profit-making basis during the five years ending August 31, 1926. According to reports of the auditors there were accumulated profits in the amount of \$14,475.44. Our investigation showed that they employed a manager and assistant manager and extra help. If the extra help was student help they paid 25 cents per hour for it, and if Mrs. Davis was employed they paid her 75 cents per hour.

Incidental Fees.

During the past five years there were collected incidental fees amounting to \$31,652.25, which were distributed \$16,871.63 to Surplus and the remainder as shown in the distribution on page 4, which showed that the dean's office received \$1,-358.50, care of grounds \$2,600.00, etc. According to the catalogue incidental fees are used to defray administrative and overhead expense. Of the entire amount \$1,338.50 for the dean's office, \$1,358.50 for the plus. According to the catalogue, fiscal office, \$543.40 for the associate library fees are used to replace losses dean are the only items that in our in library due to daily wear and tear opinion can be classed as admini- in fixtures. None of the library fees

\$140,00 per month, and at other strative. Overhead expense is such terpreted as overhead expense, but We will, however, state certainly mathematics, egg-laying contest, oratory, debates, exhibits, improvements and free surplus cannot be classed as overhead expense, and these items made up a great part of the incidental fees, therefore funds are diverted from the purposes outlined in the catalogue to other purposes.

Registration Fees.

Our investigation showed that there was collected in registration fees \$17,202.00, of which \$1,823.30 went to the Dean's office, \$13,912.15 to free surplus and the remainder as shown on Folio 5 of our report. According to the catalogue the registration fees are used to maintain expense of registration, reports and record keeping of students. Of the entire amount collected only \$482.50 went for the purpose designated in the catalogue.

Change of Course Fees.

Our investigation showed that \$1,337.00 was received in change of course fees, of which \$116.00 went to the Dean's office, \$880.00 to surplus, and the remainder as shown in distribution on Folio 6.

Late Registration Fees.

Our investigation showed that during five years there was collected \$616.00 in late registration fees, all of which was transferred to free surplus.

Library Fees.

Our investigation showed that there was collected in library fees during the five years \$6,162.40, all of which was transferred to free surplus account, indicating that the library was adequately supported by legislative appropriation. In addition to this, we might state that the over-appropriation of the Legislature amounted during 1922, 1923 and 1924 to \$2,061.94, and that this amount was transferred to free surappear to have been used for that purpose.

Physics Laboratory Fees.

Our investigation showed that during 1926, when the Physics Laboratory fee was put into effect, \$306.00 in fees was collected, all of which was transferred to free surplus.

Manual Arts Laboratory Fees.

Our investigation showed that \$263.75 was collected in manual arts laboratory fees, all of which went to manual arts except \$1.75, which went to free surplus.

Biology Laboratory Fee Receipts.

The Biology Laboratory fee receipts for 1926 amounted to \$381.50, all of which went to free surplus.

Chemistry Laboratory Fees.

During the five year period there was collected in Chemistry Laboratory fees, \$8,931.04, \$5,940.00 of which went to free surplus, \$900.00 to Physics Laboratory, \$300.00 to Mathematics, \$1,000.00 to Chemistry Laboratory, \$200.00 to Home Economics and \$591.04 to Biology. According to the catalogue Chemical Laboratory fees are used to replace losses in laboratory and classrooms, due to daily wear and tear on furniture and general fixtures, as noted above, but a very small percentage of the Chemistry Laboratory fees were used for the purposes designated.

Expression and Public Speaking Fees.

During the three year period ending in 1926, \$2,840.79 was collected in Expression and Public Speaking fees, of which \$1,377.90 was transferred to free surplus, \$900.00 to salaries, and \$562.89 to expense and refund.

Tuition and Fine Arts Fees.

Our investigation showed that during the four year period ending in 1926, \$27,795.42 was collected in tuition and Fine Arts fees, of which \$14,679.58 went to free surplus. maintenance, \$600.00 to truck \$8,843.75 to salaries, \$2,772.09 to refund and expense, and \$900.00 to 15.

Dormitory Room Rent.

Our investigation showed that during the four year period ending in 1926, there was collected from dormitory room rent \$26,301.61, of which \$13,504.10 went to free surplus and the remainder as detailed on Folio 16.

Transfer of Balances.

Our investigation showed that if any department had an unused appropriation the college authorities transferred that to some other department, in order to use the entire appropriation. While we do not believe that it was the intention of the Legislature to transfer items indiscriminately, nevertheless the privilege was accorded to them under strict interpretation of the law granting the appropriation permitting them to transfer items out of an account in a certain division to another account in the same division, thereby eliminating the work of itemizing the entire appropriation. As far as actual effect is concerned they might just as well have made the appropriation in three divisions. For example, a certain amount was appropriated in 1926 for the salary of the Registrar, and a certain amount for the salary of nurse. The Registrar did not use \$200.00 of his appropriation and it was therefore transferred over to the nurse, who was given a higher salary. The budget did not include the salary for one of the English teachers, and accordingly the teacher was employed and received \$125.00 per month, which was transferred out of Fine Arts. Tuition and other fees.

Invoices.

We found in many cases that the college paid bills made out to "J. Thos. Davis," "Dean Davis" and "J. Thos. Davis, Dean," clearly showing that the name was used interchangeably. There was no way for us to determine whether the merchandise was purchased for the college or for the Dean personally, and in our opinion the college authorities had no authority to pay bills other than those made out to the college itself, and that in paying bills invoiced to J. Thos. Davis, Dean, they exceeded band. This is all detailed on Folio their authority. This is a practice which we cannot condemn too severea number of gasoline tickets signed year period into Free Surplus \$52,-by Dean Davis and by his son, show- 785.70, from the dining hall \$15,940.ing that they had their automobile 08, from dormitories \$16,263.15, tanks filled with gasoline, and had from tuition \$17,985.28, and so on, signed them in their own personal The entire amount transferred from name, and that the college had been the various accounts was \$138,593. charged with the gas and had paid | 72. There was transferred out of the account and charged it to Truck the free surplus \$44,062.84 for im-Maintenance and other college ex-provement and equipment, \$16,399.-penses. This was also true for auto- 65 for salaries, \$12,801.27 for heat, mobile tires and other merchandise light and power, \$11,754.65 for the purchased, and we have no way of dean's home, \$1,386.61 for the dean's determining whether material was office, \$6,745.14 for truck maintenpurchased for the college or for the ance, and so on, making a total dis-Dean, but the inference was that it tribution of \$134,015.87. Thus it is was purchased personally, or other- easily seen that practically all of the wise it would not have been signed and billed as a personal obligation.

Smith-Hughes Refund.

We found in our investigation that during the past four years there had been received from the Smith-Hughes fund the sum of \$6,393.94. Our understanding of this is that this is to be used for vocational training. We, however, found that of the \$6,393.94 only \$2,043.83 went to salary, \$2,529.46 went to surplus, \$1,621.66 to capital assets and \$200.00 to expense, as shown in distribution on Folio 17.

Contingent Accounts.

On Folio 18 will be found a de-investigation. plus funds.

Free Surplus.

account called the Free Surplus Account, into which was transferred the debit or credit balance on each account. On Folio 1 will be found the debit balances transferred, and on Folio 2 the credit balances transferred. For example, we find that there was transferred from the va-

ly. We found also in this connection rious fee accounts during the five fees paid in by the students went for improvement and equipment, and if no fees had been charged there still would have been an opportunity to build buldings and add equipment amounting to thousands of dollars. A full detail of the free surplus account is found on Folios 1 and 2 of our report.

Conclusion.

It is, therefore, seen from this report that the allegations as made in House Concurrent Resolution No. 6 of the First Called Session of the Thirty-ninth Legislature are sustained, and that other conditions existed which warranted calling for the The limited time tail of the distribution from the Con- placed at our disposal for this investingent Accounts, showing how each tigation made our audit incomplete year's appropriation was transferred in many respects, but we believe that and what accounts took up the sur- the report discloses sufficient information for the legaslature to make such disposition as it may desire.

investigate the affairs and managericultural College.

Austin, Texas, Feb. 2, 1927. Hon. Barry Miller, President of the Senate

, and

Hon. R. L. Bobbitt, Speaker, House of Representatives.

Austin, Texas.

Gentlemen: We, as a member of your Joint Committee of the Senate and House of Representatives, appointed under House Concurrent Resolution Number Six, at the First Called Session of the Thirty-ninth Legislature, beg leave to make the following minority report; based on the evidence of witnesses and auditor's reports received in the investigation of the affairs and management of John Tarleton Junior Agricultural College at Stephenville, Texas.

House Concurrent Resolution No. 6, alleged:

- 1. Grave criticism of the management of John Tarleton College.
- 2. That Dean J. Thomas Davis had spent or allowed to be spent, excessive traveling expenses.
- 3. It alleged excessive college fees were collected, and wrongfully used.
- 4. It alleged that said college is being damaged and retarded in its growth under present management.

And the following facts as gained in our investigation are submitted as to whether or not the above charges are sustained.

Organization of Committee.

Complying with House Concurrent Resolution No. 6. of the First Called Session of the Thirty-ninth Legislature, the committee composed of,

Senator Carl Hardin, Senator Eugene Miller, Representative R. T. Graves, Representative Henry E. Webb, Representative Bowen Pope, met in the city of Stephenville, Texas,

Minority report of the Committee to | Hardin, of Stephenville, was elected chairman and Representative Bowen ment of John Tarleton Junior Ag- Pope was chosen secretary. A sergeant-at-arms, an assistant sergeantat-arms, an auditor, an assistant auditor, and official reporter were employed. Motion prevailed that all sessions of the committee be strictly executive and all witnesses be required to take the usual oath used in a grand jury.

The auditors were instructed to proceed to the business offices of John Tarleton College and make thorough examination of the books pertaining to said college and report their findings.

There were twenty-three witnesses called before the Committee, most of whom were subpoenaed by the local members of the Committee. Seventeen of the witnesses were either at the time employed by the A. & M. College System or had been employees and included in that number were the present Business Manager and the present Dean, J. Thomas Davis. J. Thomas Davis through his Counsel, requested that his presence be permitted during the investigation, but this was denied, and Counsel requested that he be permitted to hear the proceedings for Dean Davis and this was denied. Counsel for Dean Davis then requested that he may be permitted to leave a brief. setting forth facts in answer to the allegations set forth in House Concurrent Resolution No. 6; such brief was allowed to be filed and although very exhaustive in its scope, dealing with each allegation in defense of the said J. Thomas Davis, no part however was considered by the Committee. Dean Davis therefore was not allowed to have summoned any witnesses in his behalf or any Counsel for his defense.

Concerning Alleged Grave Criticism of the Management.

As will be seen by investigation of the transcript of the testimony now on file with the President of the November 15, 1926. Senator Carl Senate, with the Speaker of the

of such testimony is immaterial, petty, irrelevant, puerile, and of no consequence, coming chiefly from those who have been employed, or who have patronized the College and had become disgruntled, magnifying small things into proportions unreasonable, while on the other hand, much of the testimony contains strong statements in compliment to the management. Much of the testimony will show also elements of personal grudge and business rivalry very visible. We find no testimony that we consider "Grave Criticism" exists or has existed, except solely in two cases, wherein the Dean of the College allowed to be purchased a certain registered Jersey heifer from the father-in-law of the Dean at a price of \$175.00 as evidenced by voucher for that amount and the allowing of the purchase of a light second-hand farm wagon from the Dean's brother at \$59.00 as shown Evidence and facts by voucher. would not lead one to believe that any thought of personal gain was intended in these two cases, but that there was a desire on the part of the Dean to make such purchases in the interests of the College.

Concerning Alleged Excessive Traveling Expenses.

The facts gained through the investigation show that Dean J. Thomas Davis assumed control of John Tarleton College in 1919 and by reason of the fact of the expanding growth of the College in enrollment and influence, and being an agricultural college, the last few years there has been a heavy demand on the Dean or some other member of the faculty to attend such meetings as relate to agriculture and educational interests in this State, it was not possible to refuse such demands and maintain the growth and influence of the College. Notwithstanding these facts, we find for the fiscal year 1923-24, that the total traveling expenses show that only five hundred forty-eight dollars and fifty-eight cents (\$548.58) was expended, and for the fiscal year 1924-25 that the total traveling expenses show that only seven hundred and forty-five dollars and seventy-one tures at the College, except upon the cents (\$745.71) was expended, and permission of the Directors of A. &

House, and with the Secretary of gust 31, 1926, there was a total of State, it will be found that very much one thousand, sixty-five dollars and ninety-four cents (\$1,065.94) used in traveling in the interests of the School. These sums were compiled by the Auditor from vouchers which in most cases show where and when and for what purpose such trips were made. Therefore, considering the standing and importance of the College and the long distances pertaining in Texas, we are lead to believe and do so declare, that the traveling expenses of Dean J. Thomas Davis and others of the College were not excessive.

> Concerning Alleged Excessive College Fees.

> The only way we have of ascertaining whether or not the fees charged the students of John Tarleton College are excessive, is by comparison with other colleges of the State. The answer to that charge is clear from the following total fees charged in other schools.

West Texas State Teachers	
College\$	36.00
North Texas State Teachers	
College	36.00
Southwest Texas State Teach-	
ers College	36.00
South Texas State Teachers	
College	36.00
East Texas State Teachers	
College	36.00
Sam Houston State Teachers	
College	36.00
State University	45.00
A. & M. Collgee	42.00
Texas Technological Institute	39.75
North Texas Agricultural Col-	
lege	39.75
John Tarleton Jr., Agricul-	
tural College	31.50
and an additional fee of \$4	.00 is
charged those taking Chemistr	y but
to no others.	•
•, <u>-</u>	_

It will be seen that John Tarleton College has the lowest total fees of any of the other Main Colleges. It was ascertained from various sources that the fee charges were in line with other colleges and that they were deposited to the local funds of the College and were used as is customary in other colleges; that no local funds were used for constructing any permanent buildings or structhat for the fiscal year ending Au- M. College. It is necessary that a flexible free surplus fund be maintained to meet the varying contingencies constantly coming up about the market; testimony shows that the College and this fund is made no hogs are slaughtered for, or have up by transferring an overplus from one item of appropriation in order that the free surplus fund may be available to meet apprporiations in some other department. This fund therefore might show a large amount placed therein when covering a period of five years. This is true of every State College.

Concerning Alleged Retarding of College Growth.

Let the following facts answer for themselves. On September 1, 1919, J. Thomas Davis became Dean and head of John Tarleton Junior Agricultural College and has administered the College continuously ever since. The total enrollment for the regular and summer sessions since then are as follows:

1919-20		61	1
1920-21		740	0
1921-22		90	
1922-23	1	,063	3
1923-24	1	,19	2
1924-25	1	.25	5
1925-26	1	.31	7
1000 00		•	

And on Novmeber 15, 1926, there were about 730 students attending the Regular Session, a larger number that has ever enrolled before. These facts would lead us to believe that the citizenship of that section of Texas immediately adjacent to Stephenville and John Tarleton College, have confidence in the management, and influence of the School.

Concerning Other Matters.

College Farm.

Witness Dr. Scott, who has been with the College since 1921 as instructor in veterinary medicine, testified concerning the practice of slaughtering animals for "tankage," to be fed to hogs, was a well established practice all over the nation and had long prevailed at A. & M. College of Texas, and that all slaughter houses of small towns feed worse material to their hogs, whereas the "tankage" produced from discarded animals was thoroughly prepared by long cooking and was properly fed, that there was no difference in the tissue produced from such feeding than from other feeds: that such

grain food for about thirty days before being slaughtered or placed on been slaughtered for dormitory use since in 1925, but are sold on the Ft. Worth market.

College Store.

The college maintains a form of "Co-Op store" in which there is a government post office, all for the convenience of college life. Evidence shows that this has developed from practically no capital to a business of extensive proportions. It was found that this store does not sell clothing or needed school materials at a price higher than pertains in the down town stores, but in many cases less; that a manager is employed by the dean whose salary is paid from the store's income. The success of the store rests on the manager who has the sale authority to employ such help as he may need. It was found that at certain times, experienced, dependable assistants had to be employed and the manager found no one better acquainted with the courses of study, and whose dependability and services excelled that of Mrs. J. Thomas Davis. Therefore, the testimony that she was employed at irregular intervals at a salary in keeping with her ability, but at no time was it shown to be more than seventy-five cents when such work was done by the hour. Therefore, under such conditions, we do not believe her services would in any way be a violation of the Anti-Nepotism Law.

Auditors report.

By examination of the auditor's report which was made by Mr. A. C. Upleger, a certified public accountant, it will be found that it contains no facts or figures or balances other than regular and such as would be found in any and every college of this State.

Conclusion.

Therefore, in view of our findings, as can be verified by reading the records filed as indicated above, we feel that we can do nothing but commend and express our appreciation and confidence in the Hon. J. Thomas Davis, Dean of John Tarleton Junior Agricultural College and in view of the fact that it was under his administration that this State College hogs are always fed on some hard has grown to be the leading junior that the allegations set forth in House Concurrent Resolution No. 6, above mentioned are in no way sustained.

SIGNED, on the part of the House. POPE.

THIRTY-SIXTH DAY.

Senate Chamber,

Austin, Texas, March 8, 1927. The Senate met at 10 o'clock a. m. pursuant to adjournment, and was called to order by Lieutenant Governor Barry Miller.

The roll was called, a quorum being present, the following Senators answering to their names:

Parr. Bailey. Berkeley. Pollard. Price. Bledsoe. Rowers. Real. Fairchild. Reid. Russek. Flovd. Greer. Smith. Hall. Stuart. Hardin. Triplett. Holbrook. Ward. Lewis. Westbrook. Love. Wirtz. McFarlane. Witt. Wood. Miller. Moore. Woodward. Neal

Prayer by the Chaplain.

Pending the reading of the Journal of yesterday, the same was dispensed with on motion of Senator Woodward.

Petitions and Memorials.

(See Appendix.)

Committee Reports.

(See Appendix.)

Bills and Resolutions.

By Senator Wirtz.

S. B. No. 475, A bill to be entitled "An Act providing the force and effect as evidence of instruments conveying or purporting to convey real estate, or any interest therein, which instruments have been actually recorded for twenty years or more and under which such real estate or interest therein, has been claimed during such period without the asser- keeper who introduced a messenger tion by actual possession thereof, or from the House with the following a suit therefor, of any claim or in- messages:

college of the South, we conclude consistent to the one evidenced by any such instrument; etc., and declaring an emergency."

> Read first time and referred to Committee on Civil Jurisprudence.

By Senator Reid.

S. B. No. 476, A bill to be entitled "An Act changing the times of holding the terms of the district court in the Sixty-ninth Judicial District of Texas: enacting necessary provisions in reference to process, writs, bonds, recognizances and in reference to grand and petit jurors, etc., and declaring an emergency."

Read first time and referred to Committee on Judicial Districts.

By Senator Wirtz.

S. B. No. 477, A bill to be entitled "An Act creating a special road law for Caldwell County, Texas, requiring surety bonds of road overseers; containing provision that said county may fund the legal indebtedness outstanding against its road and bridge fund as of January 1, 1927; setting forth the method of said operation and declaring an emergency."

Read first time and referred to Committee on Highways, and Motor Traffic.

By Senator Smith.

S. B. No. 478, A bill to be entitled "An Act making provision for a district attorney in the Ninetieth Judicial District of Texas and an assistant district attorney in said district, etc., and declaring an emergency.'

Read first time and referred to Committee on Judicial Districts.

By Senator Love.
